

East Side Adult Education Project Update

Results of an adventurous journey

Big Umbrella Goal

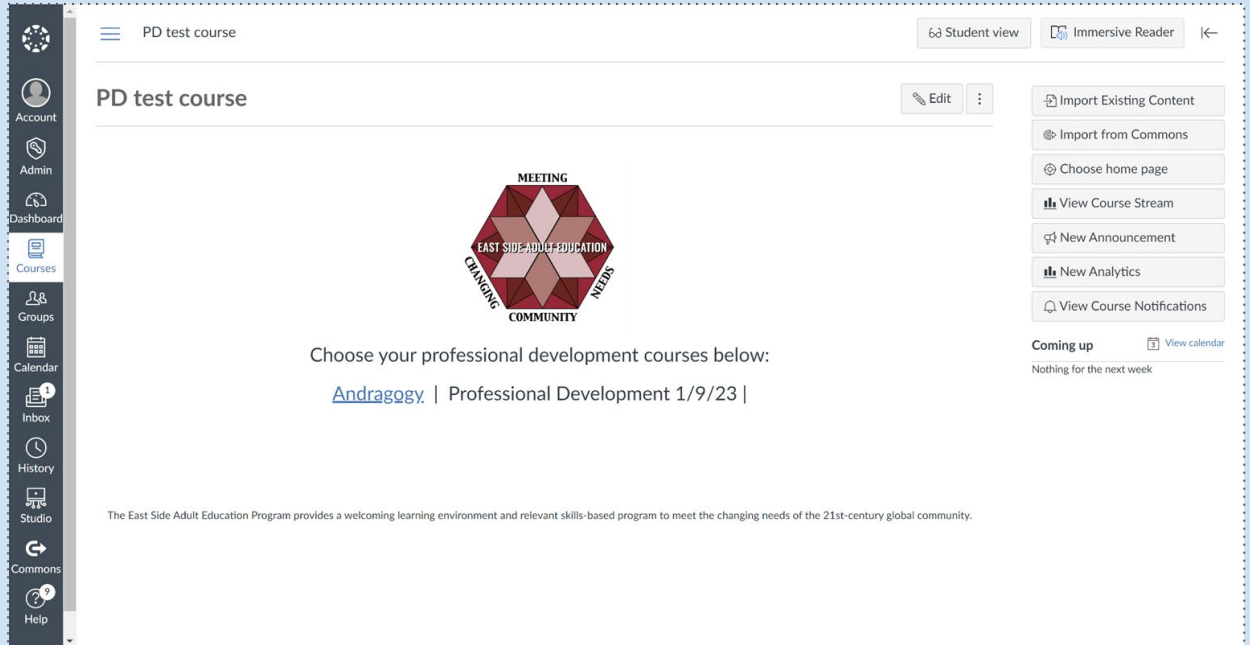

Big umbrella goal: Our team will provide East Side Adult Education with technology integration through online or blended teaching.

Umbrella spokes:

- Canvas and Northstar (Michael)
- Training teachers for Blended Learning Model (Michelle)
- Technology access (Maricel)
- Takes the three of us individually and as a team

School-Wide Support

- Website videos (shorter, unpaid)
- Canvas PD training (longer, paid)

The screenshot shows a Canvas LMS interface for a course titled "PD test course". On the left is a dark sidebar with navigation icons for Account, Admin, Dashboard, Courses, Groups, Calendar, Inbox, History, Studio, Commons, and Help. The main content area has a header with "PD test course" and a "Student view" toggle. Below the header is a large hexagonal logo for "EAST SIDE ADULT EDUCATION" with the words "MEETING", "LEARNING", and "COMMUNITY" around it, and "NEEDS" at the bottom. Below the logo, the text reads "Choose your professional development courses below:" followed by a link to "Andragogy | Professional Development 1/9/23 |". At the bottom of the main area, a paragraph states: "The East Side Adult Education Program provides a welcoming learning environment and relevant skills-based program to meet the changing needs of the 21st-century global community." On the right side, there is a vertical menu of actions: "Import Existing Content", "Import from Commons", "Choose home page", "View Course Stream", "New Announcement", "New Analytics", and "View Course Notifications". Below this menu is a "Coming up" section with a "View calendar" link and the text "Nothing for the next week".

Move material from an old course to a new course

Every semester you will get a new empty Canvas shell for your course. There are easy ways to move material from the old course to the new course. You may want to copy everything, but at times you may only want to bring over the material you thought worked well and leave the rest behind. This is a video on the basic use of the "copy to" function to copy a module or page from an old course into a new course.

The screenshot displays a video player interface for a Canvas LMS course. The video content shows a 'Copy To...' dialog box overlaid on a 'Verb Module' page. The dialog box has the following elements:

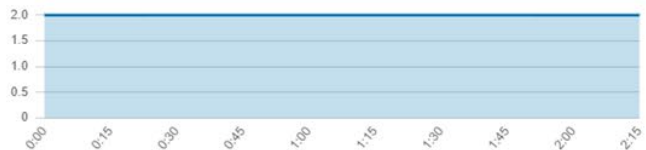

- Select a Course:** A dropdown menu with 'ESL Distance Learning - Fall 201' selected.
- Select a Module (optional):** A dropdown menu with 'Begin typing to search'.
- Warning Message:** A red-bordered box with an exclamation mark icon containing the text: 'Importing the same course content more than once will overwrite any existing content in the course.'
- Buttons:** 'Cancel' and 'Copy' buttons at the bottom right.

The background video player shows a course navigation menu on the left with categories like Home, Announcements, Assignments, Discussions, Syllabus, Quizzes, Modules, Collaborations, Grades, People, Pages, Files, and Outcomes. The main content area lists items under the 'Verb Module', including 'Verb Tenses', '13 Verb Tenses', '13 Verb Tenses in Passive Voice', 'Verb Tense Resources', 'Writing - Describing your life in all verb tenses', 'Modal Verbs', 'Models', and 'Verbs followed by Infinitives and/or Gerunds'. Below the video player, there are tabs for 'Details', 'Comments', 'Insights', and 'Captions'. The 'Comments' tab is active, showing 'No Comments' and a 'Subscribe to comments' button. A text input field for adding a comment is present, and a message at the bottom reads: 'There are no comments yet. Let's start a discussion!' with a speech bubble icon.
